

# Lotio Derm

Skin protection and caring spray

Skin protection and caring spray for the general care of the skin and for decubitus prophylaxis in the medical area. Skin friendly. Silicone-free.

## Type of preparation:

Good skin caring characteristics and the most pleasant possible application have been the guidelines while researching and developing LOTIO DERM.

Therefore skin friendly emulsifiers and extract of hamamelis have been chosen as caring substances.

The caring foam emulsion ensures an excellent cleaning effect.

The fine, creamy foam has a good covering and odour killing effect. In order to facilitate the cleaning off, the foam splits easily under mechanical pressure.

The pleasant perfuming renders the cleaning procedures for the patients and for the personnel a lot easier.

## Product characteristics:

LOTIO DERM serves for:

- general skin care
- decubitus prophylaxis
- cleaning of sensitive skin parts
- baby care
- geriatric care

## Expert opinions:

Dermatological test report, Dermatest GmbH, Münster, Germany 2009
